READ ME

GROUP NAME: Study Buddies
PROJECT NAME:'CoronaHealthCare'

PREPARED BY:

Kaha Mahamoud Mahamed Haid	**1720416**
Aftaha Ahmed	**1825335**
Raneem Ashoor	**1738696**
Nur Jahan Badhon	**1822402**
Jabbar Ahlam	**1833220**

DUE
29th June

'CoronaHealthCare' website is based on COVID-19 or coronavirus where the user can get all the information, news, updates in different countries as well as emergency service help.

1. Group Contributions

Each of the team members prepared 2 to 3 web pages for the progress presentation as shown in Table 1.

2. Future enhancement

Contributions are shown in Table 1.

Table 1 Group Contribution

Name	Contributions	Future enhancements
Aftaha Ahmed	**Pages:** Home Page,Events Contact Us. **Web elements:** Linking Page navigations. Designing page also header and footer. Logo	- To update search options more accurately using javascript. - To make the page more interactive
Nur Jahan Badhon	**Pages:** Newsroom , Countries,Speeches. **Web Elements:** Linking Pages. Video enhancement, Graphical design.	- To make the graphical interfaces more beautiful and update the pages with javascript - Use of javaquery and functions.

Raneem Ashoor	• **Pages:** About us, Location, Who we are, and Our values. • **Web Elements:** Logo, Location map, Linking pages, Navigation buttons, images.	• Improve the page by Using Javascript and improve the style of the pages by developing CSS code.
Kaha Haid	• **Pages:** History and Discovery • **Web Elements:** <u>History</u>**:** Banner Image and link for Discovery page. <u>Discovery:</u> Image, Video with poster.	• Develop pages using JavaScript. • Making DOM methods, properties, and events for the video so that there will be more options for viewers to view the video.
Jabbar ahlam	• **Pages :** tips, symptoms • **Web element :** <u>Tips</u>: image with Explanation and link the two pages. <u>Symptoms</u>: table to show the 3 different symptoms with images.	• Develop the pages to look more attractive using javascript. • By using methods in javascript it will help to make tables easily.

3. Use of third-party resources

JQueryUI: Team member Jabbar Ahlam and kaha uses the **accordion widget** for the About page. Modifications are documented. And edited all fonts style for better quality experience.

Graphics: Team members Aftaha Ahmed,Raneem and Nur jahan obtained all graphics for the pages from pexels.com, a website for high-quality stock photos and videos.

Web elements	Team member	Modifications
Accordion widget	Jabbar Ahlam,Kaha	All graphics are resized using style. Information,picture and videos gathering.
Graphics and modifications for all pages	Aftaha Ahmed,Nur jahan,Raneem	Background colours of ui-accordion-header and background image for ui-accordion contents. All graphics are resized in an image-editing program to load the webpage faster.
